Professional Summary

Motivated mathematics undergraduate specializing in data analysis and web development. Skilled in Python, data visualization, and front-end technologies. Strong conceptual base in applied mathematics and statistics. Dedicated to building efficient solutions, teaching complex ideas clearly, and applying technology to real-world problems.

Education

BS Mathematics	Bahauddin Zakariya University, Multan	2023–present
Intermediate (ICS)	Punjab Group of Colleges, Kabirwala — Marks: 82%	2021–2023
Matriculation (Science)	Khanewal — Marks: 98%	2019–2021

Experience

Mathematics Teacher (Private Academy) 2022–2023 Taught mathematics using digital tools and interactive lesson design. Developed analytical exercises and maintained high student engagement. Integrated technology for visualization and assessment.

Projects

Web Development Projects

Developed responsive and accessible websites emphasizing user experience and performance. *Tech:* HTML, CSS, JavaScript

Portfolio Website

Designed and deployed a personal portfolio showcasing projects and achievements. *Tech:* HTML, CSS, JavaScript, Vercel

Data Analysis Projects

Performed exploratory data analysis and visualization using structured datasets. *Tech:* Python, MS Excel, MySQL

Technical Skills

Programming & Tools:

Python, MySQL, Maple, Git, GitHub, HTML, CSS, JavaScript, MS Office, Linux, DBMS,

Data & AI:

Data Analysis, Visualization, AI
Fundamentals, Python (Pandas, NumPy, Matplotlib), ChatBots

Soft Skills:

Problem Solving, Critical Thinking, Creativity, Teaching, Communication

Certifications

Freelancing Course	DigiSkills Pakistan	2024
MS Excel Certification	DigiSkills Pakistan	2023–2024
Python Programming	DigiSkills Pakistan	2024–2025
